6 I, Darren Posey, having been first duly sworn, depose and say that I am a Police  
7 Detective, and I have been a sworn Peace Officer in the State of Oregon for 21 years, and have  
8 been a Police Detective for over 12 years of that time. I have attended the Department of Public  
9 Safety Standards and Training (DPSST) three-hundred and twenty (320) hour Basic Police  
10 Academy, as well as a DPSST certified three-hundred and sixty (360) hour Advanced Academy  
11 instructed by the Portland Police Bureau. I also attended a DPSST certified eighty (80) hour  
12 Detective Academy. In addition to this training, I graduated Bethany University with a Bachelor  
13 of Arts degree and graduated San Jose City College with an Associates of Arts degree. The  
14 academies I have attended included training on investigating homicides, robberies, and assaults. I  
15 am currently assigned to the Homicide Detail of the Detective Division for the Portland Police  
16 Bureau. My current job assignment includes the investigation and apprehension of subjects who  
17 have committed homicides, attempted homicides, and felony assaults;

19 That I am seeking a search warrant to search and analyze the Glock 17 Pistol with serial  
20 number [REDACTED] located in the Portland Police Property Room given for safe keeping by  
21 NANCY LEE CRAMPTON-BROPHY.

23 The following information is provided to establish probable cause relative to the  
24 information sought in this affidavit, and may not necessarily contain all of the facts and  
25 circumstances I am aware of relative to this ongoing investigation.

IN THE CIRCUIT COURT OF THE STATE OF OREGON

3 That On June 2, 2018 I was directed to respond to the Oregon Culinary Institute at 1701  
4 SW Jefferson Street, City of Portland, County of Multnomah, State of Oregon to conduct an  
5 investigation related to the homicidal death of Daniel C. Brophy. The assigned Case Number is  
6 18-183742. During the course of this investigation I oversaw the collection of information from  
7 the crime scene located in and around the Oregon Culinary Institute located at 1701 SW  
8 Jefferson Street, City of Portland, Multnomah County, and State of Oregon.

10 After reviewing the initial police response, talking to officers present at the scene and  
11 debriefing with other investigators who were present, the following information has been  
12 developed regarding Case Number 18-183742. I was informed by Sergeant Whattam that police  
13 were called to respond to investigate a subject who had been recently shot with a gun and had  
14 died in one of the kitchen areas of the Oregon Culinary Institute at 0823 hours on June 2, 2018.  
15 The subject who had been killed was identified as Daniel C. Brophy who was an employed  
16 instructor at the Oregon Culinary Institute. I personally observed that Daniel C. Brophy's injuries  
17 were such that they could not have been self-inflicted, and no firearm was located at the scene.  
18 The location of the crime occurred inside the institute, and I learned from staff and personal  
19 observation the institute did not have any security surveillance camera systems. After contacting  
20 the students and other staff members responding officers were not able to identify any eye-  
21 witnesses who had heard or seen the actual crime occur. During the initial interviews with  
22 institute administrators I was unable to identify any subjects who had a current grudge or dispute  
23 with Daniel C. Brophy.

25 While at the location of occurrence I conducted an audio recorded interview with the wife  
26 of Daniel C. Brophy. The wife's name is Nancy Lee Crampton-Brophy. Nancy Lee Crampton-

3 Brophy told us she had come to the Oregon Culinary Institute because a friend had called her  
4 about an incident at the institute and it was on the news, Nancy Lee Crampton-Brophy told me  
5 she had attempted to call Daniel C. Brophy without result. We spoke to Nancy Lee Crampton-  
6 Brophy in order to determine when Daniel C. Brophy left his home and what routines he keeps in  
7 the morning. Nancy Lee Crampton-Brophy provided a timeline for when Daniel C. Brophy had  
8 left their house that morning and she also provided some background information about her  
9 husband. Nancy Lee Crampton-Brophy told us she believed Daniel C. Brophy left their residence  
10 in Beaverton sometime around 0705 hours and would have arrived at the institute about ten  
11 minutes or so later as they only live about five miles away. Nancy Lee Crampton-Brophy also  
12 indicated she was at home at the time her husband left the house. Nancy Lee Crampton-Brophy  
13 told us she did not know of any dispute or problem with any person that would provide a motive  
14 for this incident. Nancy Lee Crampton-Brophy told us Daniel C. Brophy was well liked at the  
15 institute and with the students. Nancy Lee Crampton-Brophy told us she and her husband had  
16 decided to buy a handgun in February of this year (2018) after hearing about the school shooting  
17 in Florida. Nancy Lee Crampton-Brophy told us she believed it was still at the house, but had not  
18 looked at it recently. Nancy Lee Crampton-Brophy said they had not used it as they were not  
19 really people that were familiar with guns. Nancy Lee Crampton-Brophy described the gun as a  
20 Glock handgun in 9mm caliber.

22 While Nancy Lee Crampton-Brophy was at the Culinary Institute with us we asked if we  
23 could drive her back home and check if the firearm was still at the house, as we were unsure if  
24 Daniel C. Brophy may have had the gun with him at the Institute for protection, and it had been  
25 used against him in some way. Nancy Lee Crampton-Brophy agreed, and Detective Beniga and  
26 Detective Broughton travelled with her back to her house to check the condition of the firearm. I

3 observed the vehicle Nancy Lee Crampton-Brophy was driving was a gray colored Toyota  
4 Sienna mini-van with a roof rack and tinted windows. A set of pictures were taken of the vehicle  
5 Nancy Lee Crampton-Brophy was driving by Detective Beniga, please see attached photos in  
6 EXHIBIT A.

7

8 Detective Beniga later told me Nancy Lee Crampton-Brophy gave the Glock handgun to  
9 them for safekeeping. The gun was found in its box without ammunition along with magazines  
10 and the slide zip-tied through the barrel.

11

12 During this investigation a canvas for video surveillance was conducted of the  
13 surrounding businesses located by the Oregon Culinary Institute. This canvas is an investigative  
14 technique designed to locate and identify potential suspects, suspect transportation, and avenues  
15 of escape by the perpetrator. I had been informed by Detective Merrill that the Bellagio's Pizza  
16 restaurant located across the street from the Oregon Culinary Institute had a security surveillance  
17 system and had a camera that covered SW Jefferson Street just west of the Culinary Institute.

18

19 While watching the video at the Bellagio's location I observed a dark colored minivan  
20 drive west bound on SW Jefferson Street from the area of the Oregon Culinary Institute. The  
21 vehicle looked just like the mini-van driven by Nancy Lee Crampton-Brophy. The time the mini-  
22 van travels west from the area of the institute was 0728 hours (AM) as adjusted from the  
23 surveillance system that was synced to Eastern Standard Time. The mini-van on the video  
24 appeared to be driven by a subject who had gray hair. As Detective Beniga was at the house of  
25 Nancy Lee Crampton-Brophy we asked him to take some pictures of her vehicle in order to  
26 compare it with the video. Detective Beniga told me when he was taking pictures of the mini-

3 van; Nancy Lee Crampton-Brophy spontaneously stated, "Why, I wasn't there this morning, I  
4 was at home."

5

6 The information developed from the crime scene and the autopsy conducted the  
7 following day determined the bullets involved in the shooting were 9mm in caliber and were  
8 fired by a semi-auto type handgun. The casings found at the crime scene were stamped "sig 9mm  
9 luger" with silver colored exteriors. I was also able to find from the Oregon Culinary Institute  
10 staff that Daniel Brophy had deactivated the alarm for the institute building at approximately  
11 0721 hours on June 2, 2018. From the information developed from the autopsy and the initial  
12 observance by the Medical Examiner Daniel Brophy was shot in the back once and shot in the  
13 chest once. Both bullet impacts were centrally oriented on his body and both bullets traversed the  
14 heart. Daniel Brophy did not have any defensive type wounds on his body. I noted no items or  
15 money appeared to have been taken from Daniel Brophy and no sign of a struggle or disturbance  
16 was present at the crime scene. Further, no items were found to be disturbed or missing from the  
17 Oregon Culinary Institute.

18

19 During the initial investigation the cell phone belonging to Daniel Brophy the deceased  
20 victim was located on his person during the incident. The phone was seized as evidence and its  
21 information downloaded by Detectives in order to preserve the evidence. I personally reviewed  
22 the information on the phone in an attempt to discover possible motive and suspect information  
23 related to Daniel Brophy's murder. During the review I found a website book mark for the title  
24 "10 ways to cover up a murder." Please see attached copy of website article in EXHIBIT B. I  
25 later had contact with Nancy Brophy who confirmed she and Daniel Brophy had a shared Apple  
26 I-Tunes account for their phones. From my research into Apple's I-Tune family sharing plans, I

3 know that internet searches and bookmarks are saved to the accounts search history and viewable  
4 from any phone attached to the account. I know from talking to Nancy Lee Crampton-Brophy  
5 she is a romance novelist and has several books published. I also know from my investigation  
6 and interview with Nancy Lee Crampton-Brophy she is involved with medical insurance  
7 counseling and is familiar with life insurance programs.

9 I also took time to compare the surveillance video with the pictures of Nancy Lee  
10 Crampton-Brophy's mini-van. As I observed the photos I noted an older scratch with indentation  
11 of the driver's side rear quarter panel between the top of the rear wheel well and the fuel door.  
12 The scratch/indentation was rusted and had been on the vehicle for some period of time. As I was  
13 able to view the video with a better monitor, I could see the same deformation in the mini-van on  
14 the Bellagio's Pizza surveillance video. I could also see the driver's appearance was consistent to  
15 Nancy Lee Crampton-Brophy's appearance.

17 After further canvassing I noted we were able to find additional video that pictured the  
18 same mini-van at the same time frames circling the area at 0708 hours. Located to the west of the  
19 Culinary Institute is a MAX platform called the Goose Hollow Station and has a series of camera  
20 systems. Detective Merrill and I were able to secure the platform video for this station from 0630  
21 Hours to 0730 hours. Detective Merrill and I later reviewed these videos and were able to locate  
22 a van matching the description of the Toyota Sienna belonging to Nancy Lee Crampton-Brophy  
23 driving in towards the Oregon Culinary Institute at 0641 hours. In one of the videos we were able  
24 to identify a portion of the license plate on the gray colored Toyota Sienna mini-van. The  
25 viewable digits are "67 B." I was not able to specifically identify the first digit and the last two  
26 digits listed on the license plate, but I was able to narrow what is seen into a range of possible

**IN THE CIRCUIT COURT OF THE STATE OF OREGON**

## MULTNOMAH COUNTY

3 digits. The first digit of the plate could be a "0," but it is not completely clear enough to be sure  
4 in my estimation. The other digits of the plate observed are consistent with "Q" and "X," but  
5 could also possibly be a "D" and a "K." The license plate for the Toyota Sienna mini-van  
6 belonging to Nancy Lee Crampton-Brophy is assigned Oregon State License number "067  
7 BQX." An Oregon DMV search indicates about 21 vehicles licensed in the State of Oregon to  
8 2004 and 2005 Toyota Sienna vans could fit this partial license plate combination.

10 The other videos recovered and viewed were able to document a general area of travel for  
11 the mini-van. The van is seen arriving on SW Jefferson Street and SW 20<sup>th</sup> Avenue heading east  
12 towards the Oregon Culinary Institute at 0641 hours. The vehicle is seen heading north on SW  
13 18<sup>th</sup> Avenue. The van is later seen stopping in front of KGW Studios on SW Jefferson east of the  
14 Oregon Culinary Institute. The vehicle waits a short period of time then drives west by another  
15 camera located at 1734 SW Jefferson Street and continues west travelling by Bellagios at 0708  
16 hours. The van is then seen traversing the roundabout at SW Jefferson and SW 18<sup>th</sup> Avenue  
17 where it is encountered by a PGE video security camera located at SW Columbia Street and SW  
18 16<sup>th</sup> Avenue. On this camera the mini-van turns left and drives north on SW 17<sup>th</sup> Avenue towards  
19 the Oregon Culinary Institute one block away. The vehicle is not seen driving by the other  
20 cameras until 0728 hours as it drives by Bellagios Pizza again as it heads west towards  
21 Beaverton. The vehicle is also observed again at the Goose Hollow Tri-Met Station continuing  
22 west on NW Jefferson Street and out of view heading towards Beaverton Oregon. Based on the  
23 totality of this information I believe Nancy Lee Crampton-Brophy was circling the area in her  
24 dark colored mini-van prior to Daniel C. Brophy's arrival at the Oregon Culinary Institute, and  
25 Nancy Lee Crampton-Brophy was watching for Daniel C. Brophy's arrival in order to effect his  
26 eventual murder.

**IN THE CIRCUIT COURT OF THE STATE OF OREGON  
MULTNOMAH COUNTY**

4 It should be noted a court order/warrant was served on the AT&T account for the cell  
5 phone number of Nancy Lee Crampton-Brophy for the historical location information for the  
6 phone. The return of the warrant information requested is still being analyzed, but initial  
7 indication shows the phone located in the area of Nancy Lee Crampton-Brophy's residence in  
8 Beaverton Oregon during the time of the incident when Daniel Brophy was murdered. According  
9 to the initial analysis from the Detective Division crime analyst, Nancy Lee Crampton-Brophy's  
10 phone was not used but was on and connected to a nearby cell site.

12 On June 5<sup>th</sup>, 2018, four days after Daniel Brophy's murder I received a call from Nancy  
13 Lee Crampton-Brophy inquiring as to a letter clearing her as a suspect in the death of her  
14 husband Daniel Brophy. During this investigation I have been contacted by four different  
15 insurance agencies and I have learned that Nancy Lee Crampton-Brophy is the beneficiary of  
16 these policies to an approximate value of \$350,000.

18 During this investigation I spoke to Nathaniel Stillwater the son of Daniel Brophy on  
19 June 27, 2018. During our conversation I learned Nancy Lee Crampton-Brophy used to sell life  
20 insurance. I also found Nathaniel Stillwater was unaware of the recent purchase of a handgun by  
21 Nancy Lee Crampton-Brophy. Nathaniel Stillwater told us he was surprised about the purchase  
22 of the gun, and thought it was odd as he did not know they were considering such a purchase.  
23 Nathaniel Stillwater told us he did not consider Nancy Lee Crampton-Brophy or his father to be  
24 the type of people to own a gun. Nathaniel Stillwater told us he is familiar with firearms and  
25 owns several firearms for hunting and sporting activities. Nathaniel Stillwater told us his father  
26 knew this about him, and he thought his father would have likely talked to him about such a

## 5 Firearm Search Request:

7 As part of this investigation I am requesting a warrant for a comprehensive search and  
8 analysis of the firearm Nancy Lee Crampton-Brophy gave to Detective Beniga and Detective  
9 Broughton for safe keeping. I conducted a review of the firearm from Nancy Lee Crampton  
10 Brophy on June 2<sup>nd</sup> 2018 for safe keeping. The firearm is a Glock 17 in 9mm caliber with serial  
11 number [REDACTED] The firearm was with its box and included magazines, but no ammunition.  
12 The firearm had a zip tie through the barrel and chamber entrance inhibiting the gun from being  
13 loaded. I noted the slide had been manipulated at some point and was not locked to the handle  
14 portion of the pistol. Nancy Lee Crampton-Brophy had told us she purchased the firearm at a gun  
15 show in February 2018, and she had not used the gun or had any ammunition to load into the  
16 firearm. When she gave the firearm to Detective Beniga she also provided a copy of the purchase  
17 receipt. The receipt listed J&B Firearm Sales as the vendor who sold the firearm to Nancy Lee  
18 Crampton-Brophy. I confirmed the serial number on the firearm matched that of the receipt. I  
19 went to J&B Firearms located at 10201SW Beaverton–Hillsdale Highway in Beaverton Oregon.  
20 I spoke with the employees there and they informed me that when they sell firearms at the gun  
21 shows they do not sell ammunition. The employees showed me the type of zip ties they use for  
22 securing weapons at the gun shows. I noted the zip tie used was similar to the one found on the  
23 gun Nancy Lee Crampton Brophy had turned over for safe keeping. While at J&B Firearms I  
24 noted they had the same type of ammunition for sale that was found in the crime scene. I also  
25 noted that J&B Firearms Store is located less than a mile away from Nancy Lee Crampton  
26 Brophy's home address. The gun and its components Nancy Lee Crampton Brophy turned over

3 for safe keeping was transferred to the Portland Police Property Room at 2619 NW Industrial  
4 Street, Suite B4, City of Portland, County of Multnomah, State of Oregon. Based on my training  
5 and experience the firearm that Nancy Lee Crampton Brophy gave to Detective Beniga and  
6 Detective Broughton does fit the type of firearm used in the murder of Daniel Brophy.

8       Based on the foregoing, I believe that probable cause exists for evidence of the crimes of  
9       Murder (ORS 163.115) and Unlawful Use of a Weapon (ORS 166.220), will be found with the  
10      Glock 17 Pistol with serial number [REDACTED] located at the Portland Police Property Room at  
11      2619 NW Industrial Street, Suite B4, City of Portland, County of Multnomah, State of Oregon.

13 I know from training and experience that premature disclosure of the contents of this  
14 affidavit would jeopardize the investigation because it could release information known only to  
15 law enforcement. This could allow information to be released that could otherwise be used to  
16 check the accuracy of information given by witnesses and suspects. Based on the foregoing, I  
17 request the affidavit be sealed until further ordered by the court, excepting that it may be  
18 provided to the defense team in this case subject to the terms of any protective order currently  
19 governing discovery in the case.

3                 Therefore, based on the foregoing I pray for a warrant to search for evidence of crimes

5                 the Oregon State Criminal Laboratory to test, compare, and examine the Glock 17 Pistol with

# 10 WAYS TO COVER UP A MURDER

Maybe you've been watching too many murder dramas. Or maybe you admire mastermind serial killers. With an itchy trigger finger. Whatever your reason, you want to know how to get away with murder, and when you're done here you may be able to do just that.

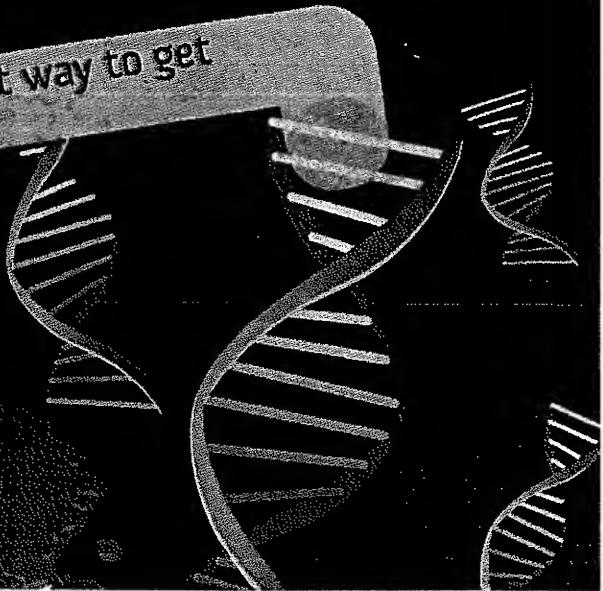

DNA

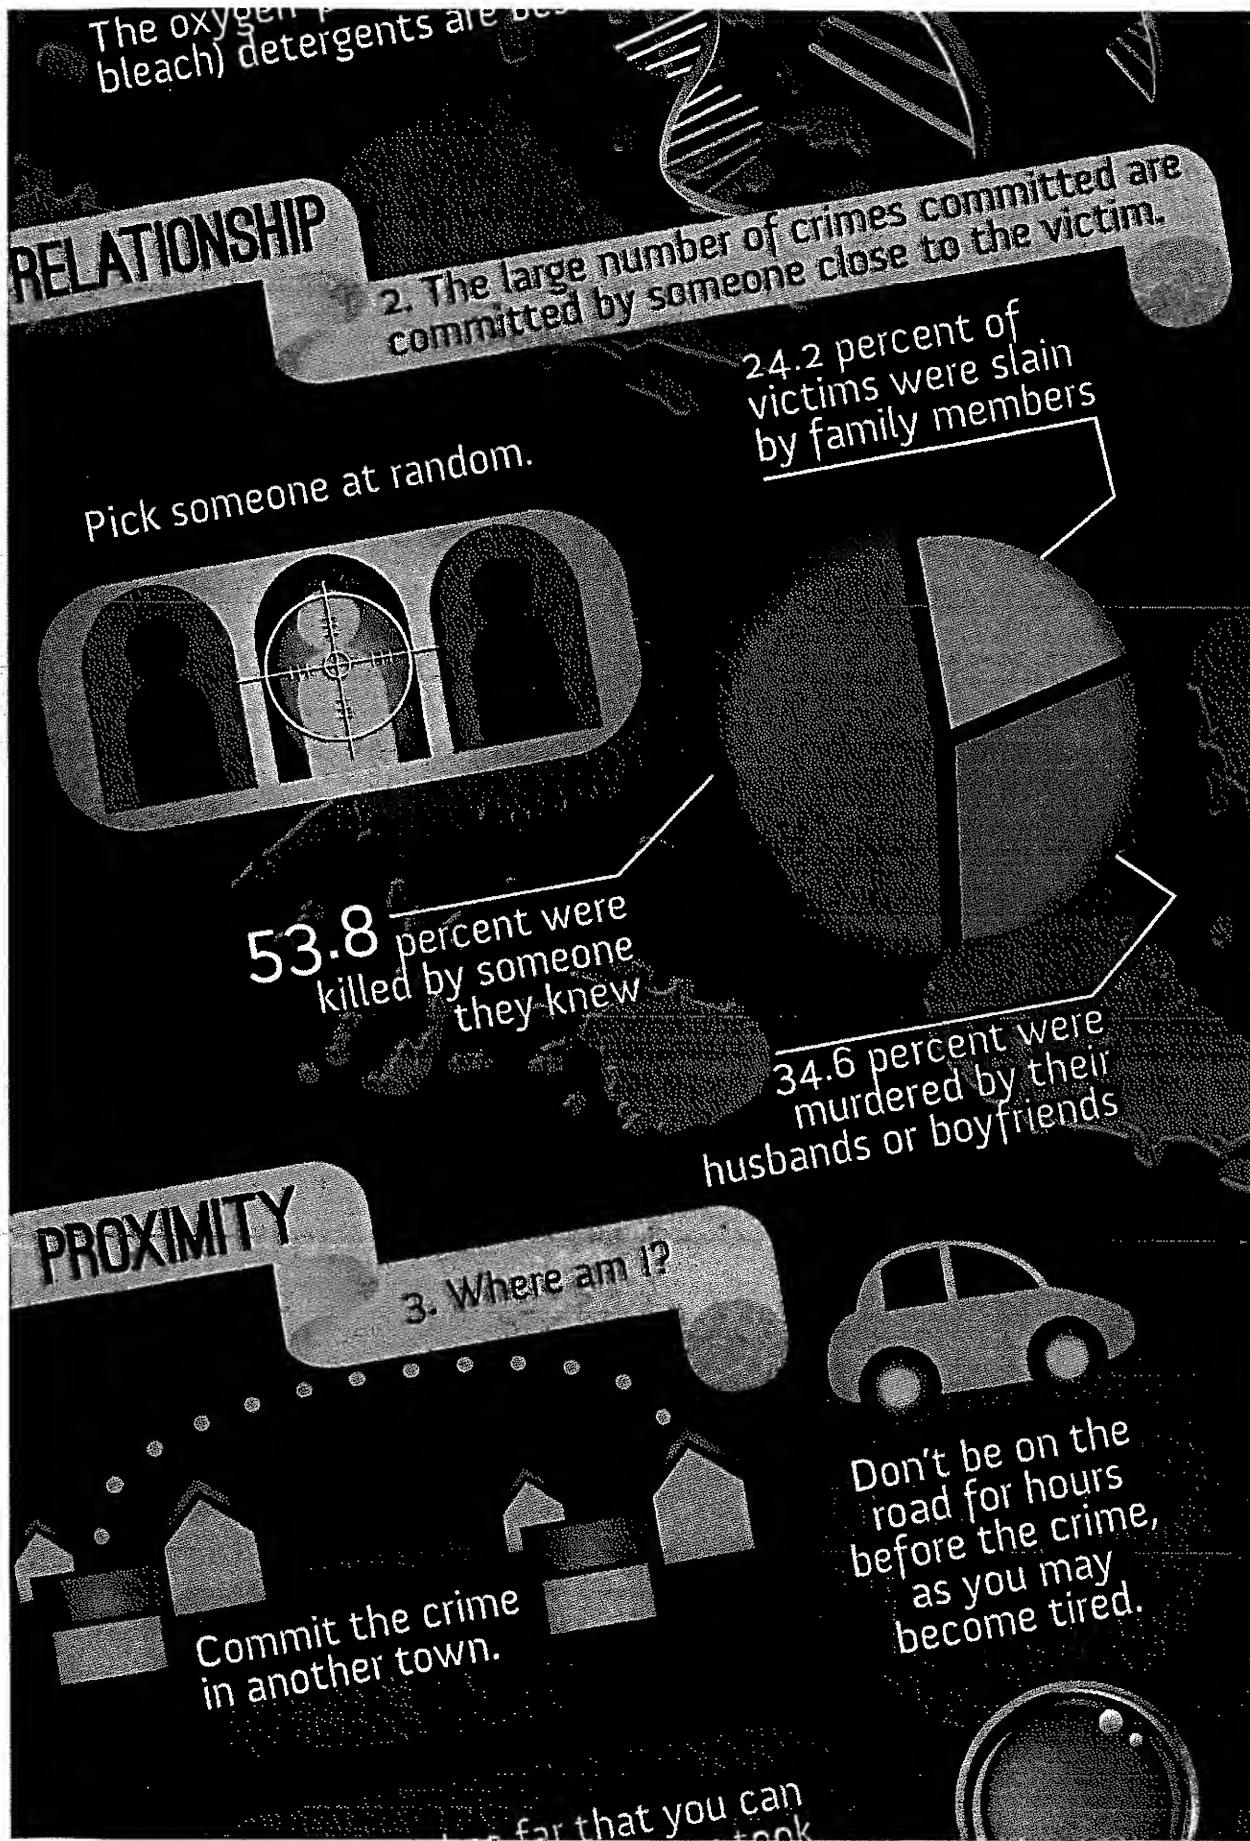

1. DNA is the surest way to get caught.

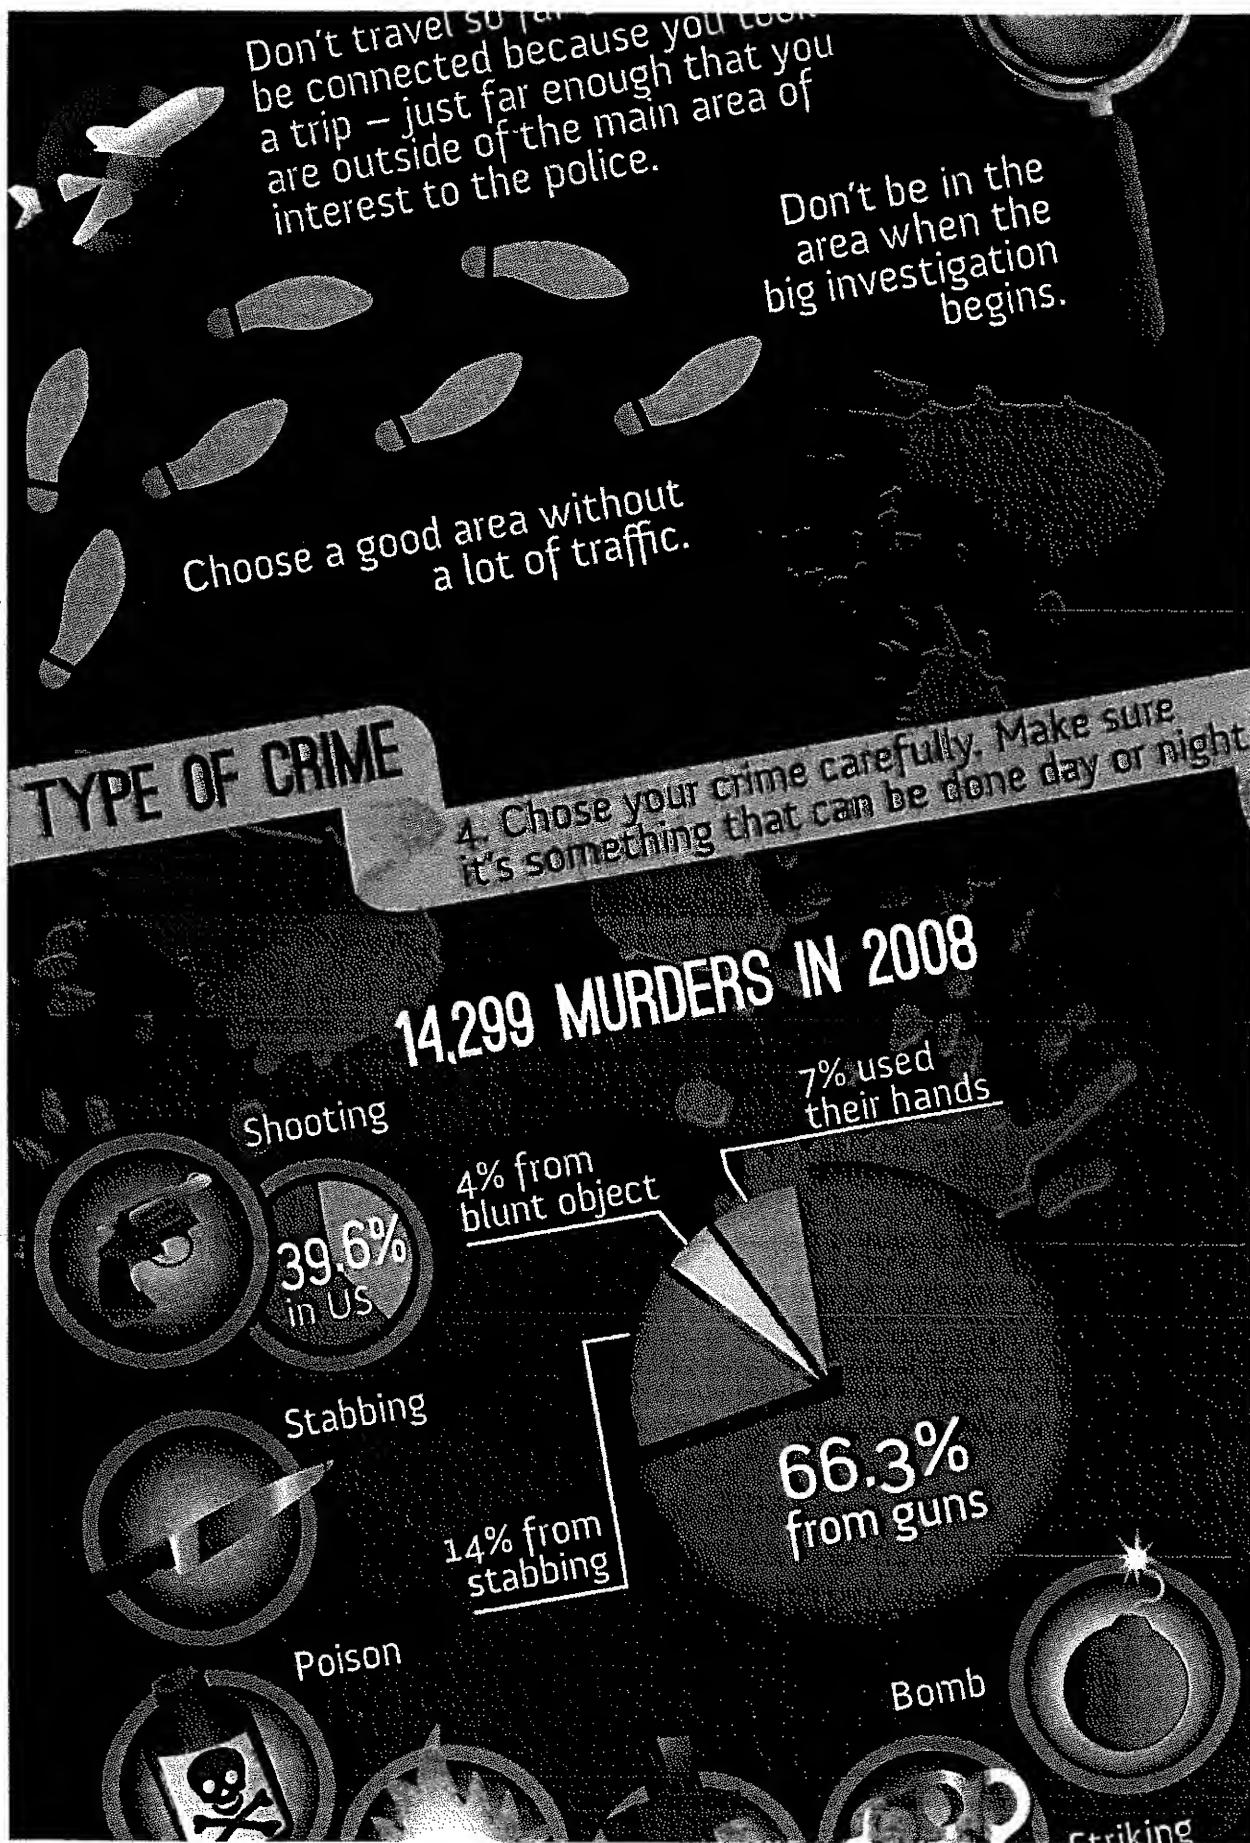

Do not leave ANY DNA behind.

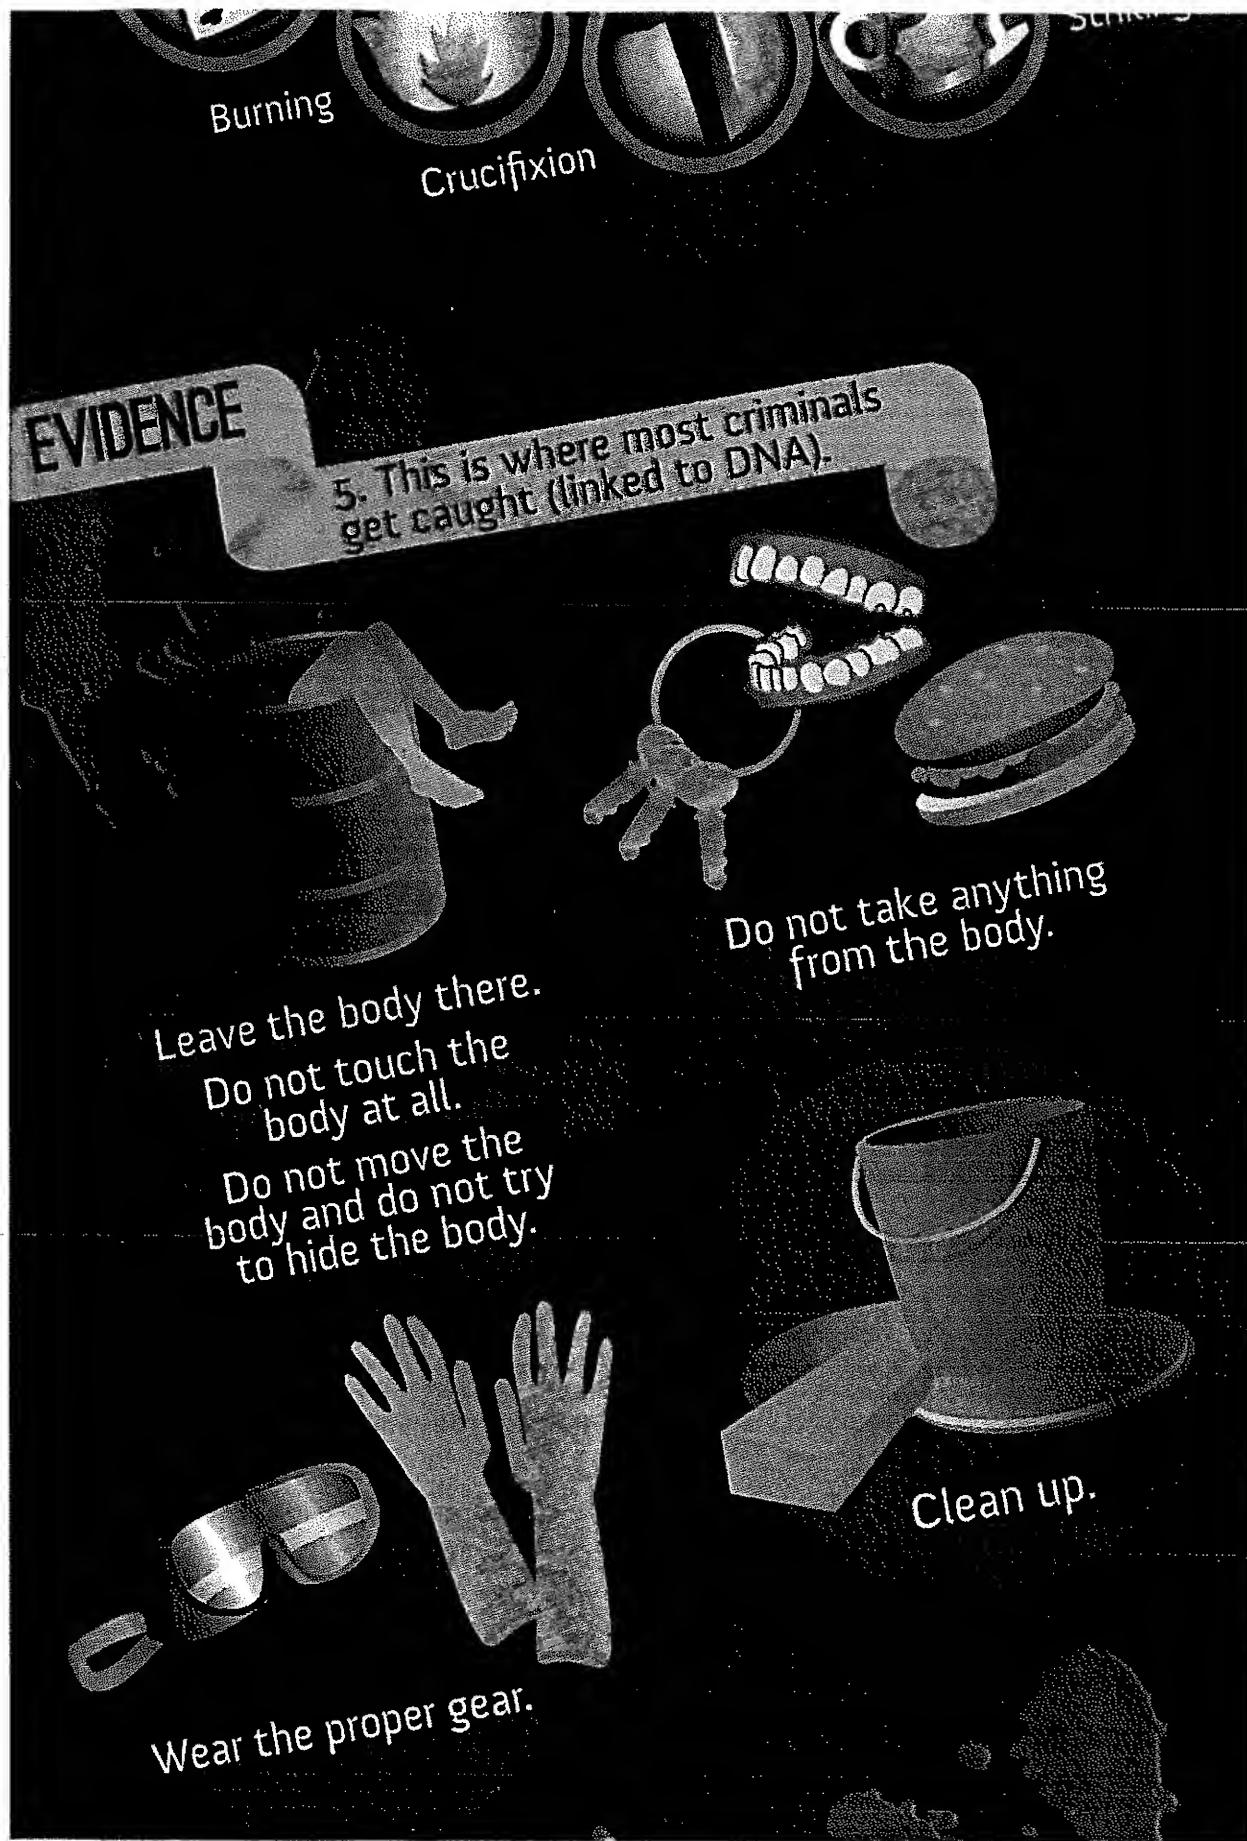

Commit your crime in a place that is likely to have a lot of DNA from strangers.

Non-producing (oxygen) cells are best.

## TIMING

## 6. Timing is everything.

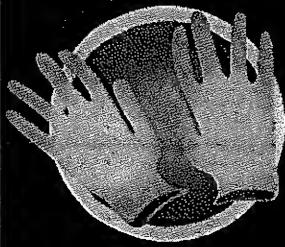

The best time to commit a crime is in the very early hours of the day when most people are asleep.

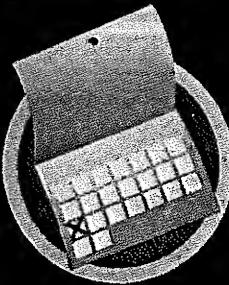

Look like you are not out of place on the street.

## TOOLS

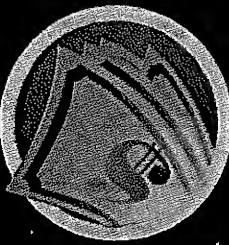

## 7. How are you going to do it and what will you need?

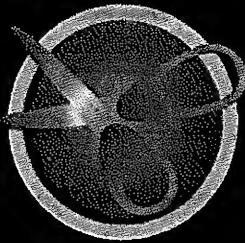

Thick gloves

Buy your tools at least 1 month before committing the crime.

Pay in cash

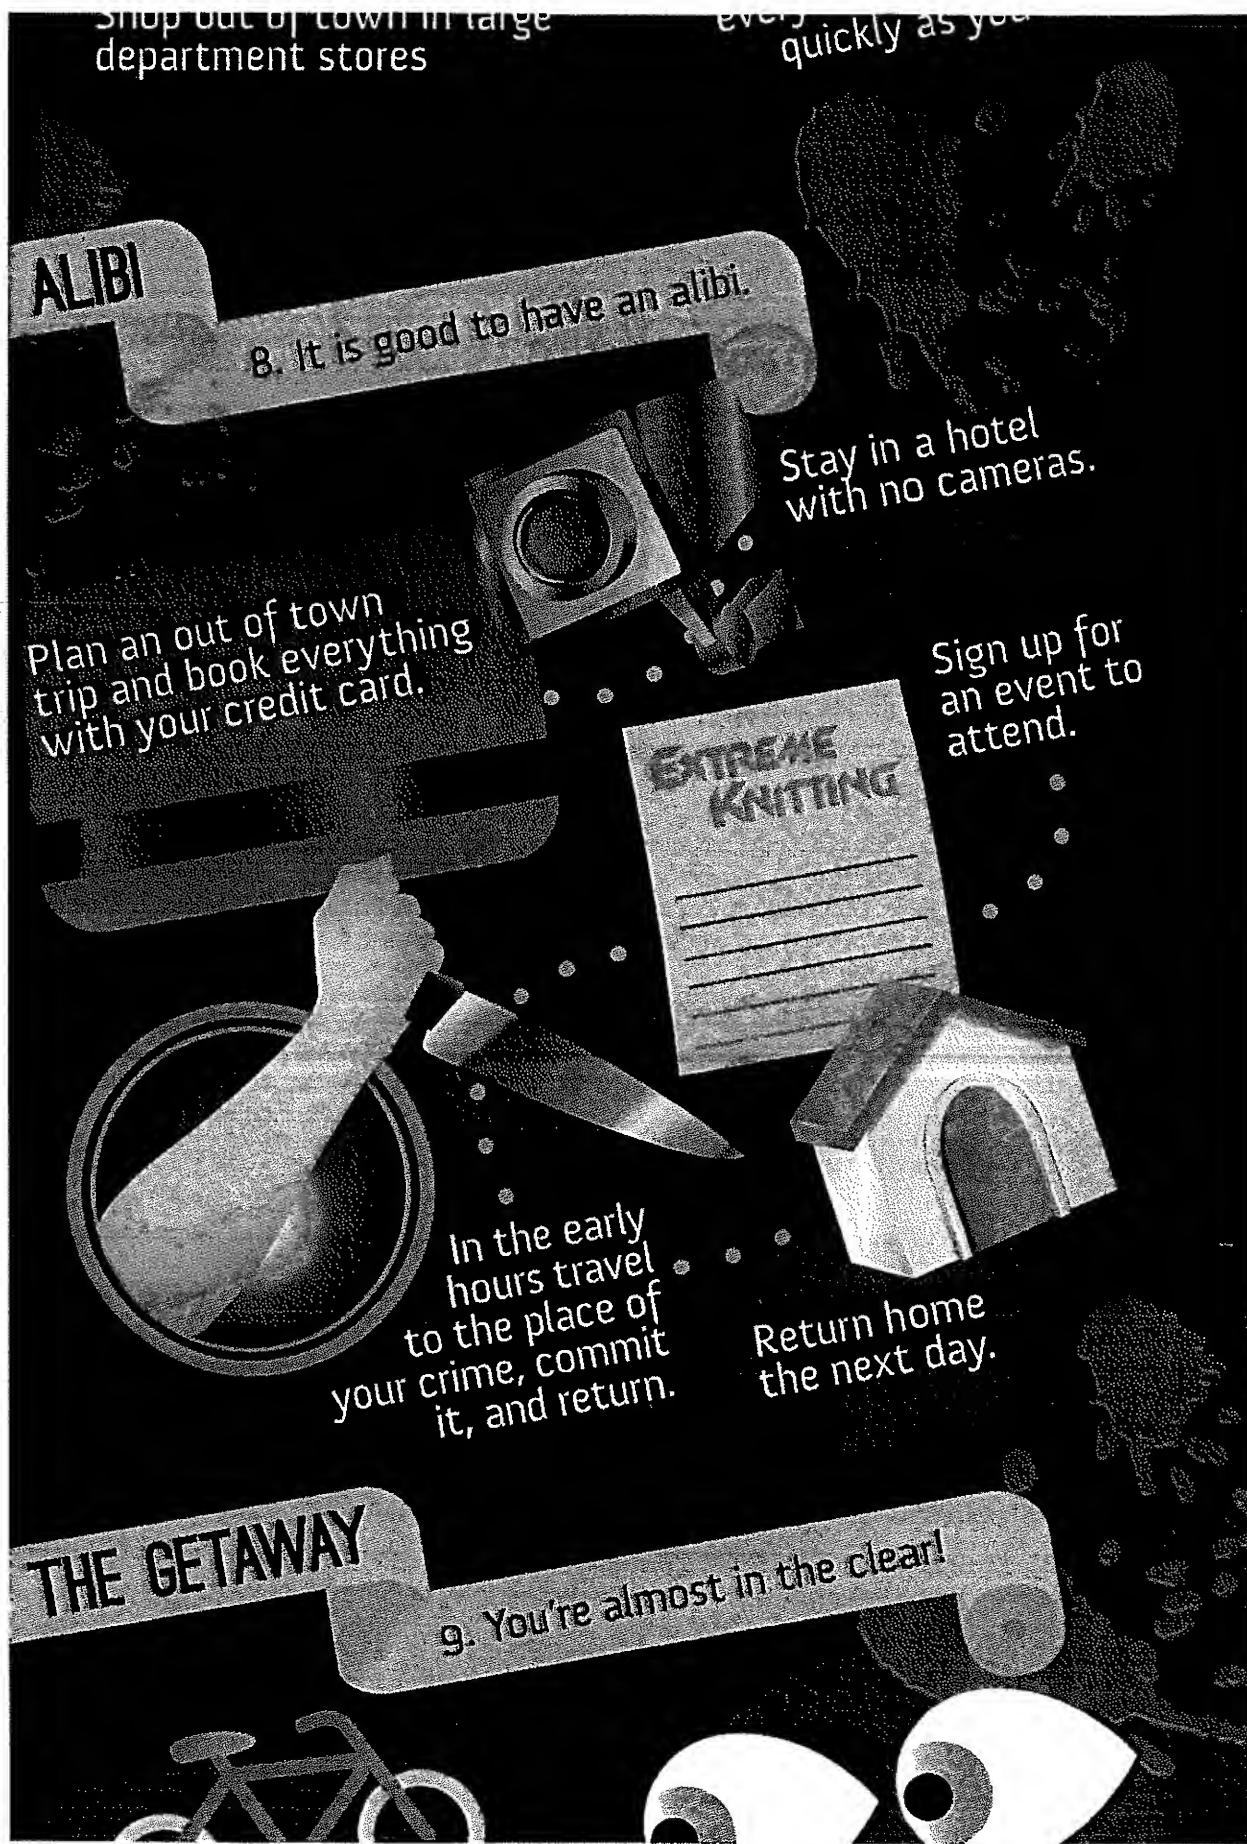

Destroy any receipts or shopping bags.

Do not use anything you own and do not buy brands you normally buy unless they are very generic brands.

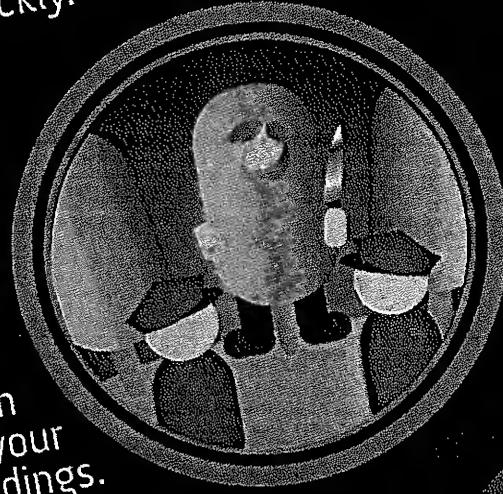

Check out of town in large

After the crime is committed, destroy everything you bought as you can.

# EXHIBIT B

The best mode of transport is by bike. This will enable you to get off the roads if you need and to travel quickly.

Fit in with your surroundings.

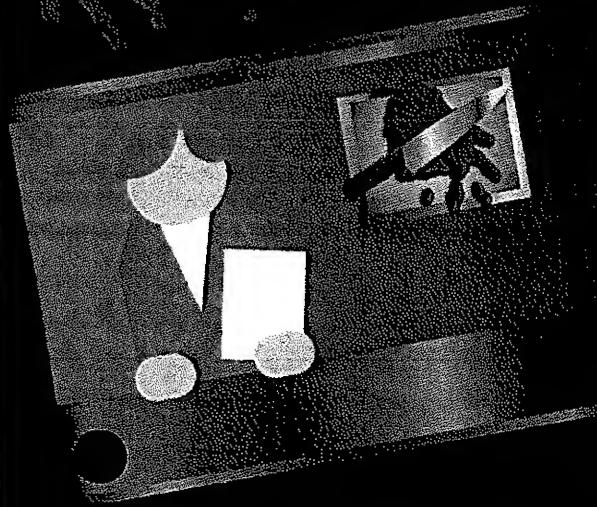

You do not want to be seen on the street walking (remember, the Zodiac nearly got caught this way).

Have a solid story.

## AFTERMATH

10. What happened?

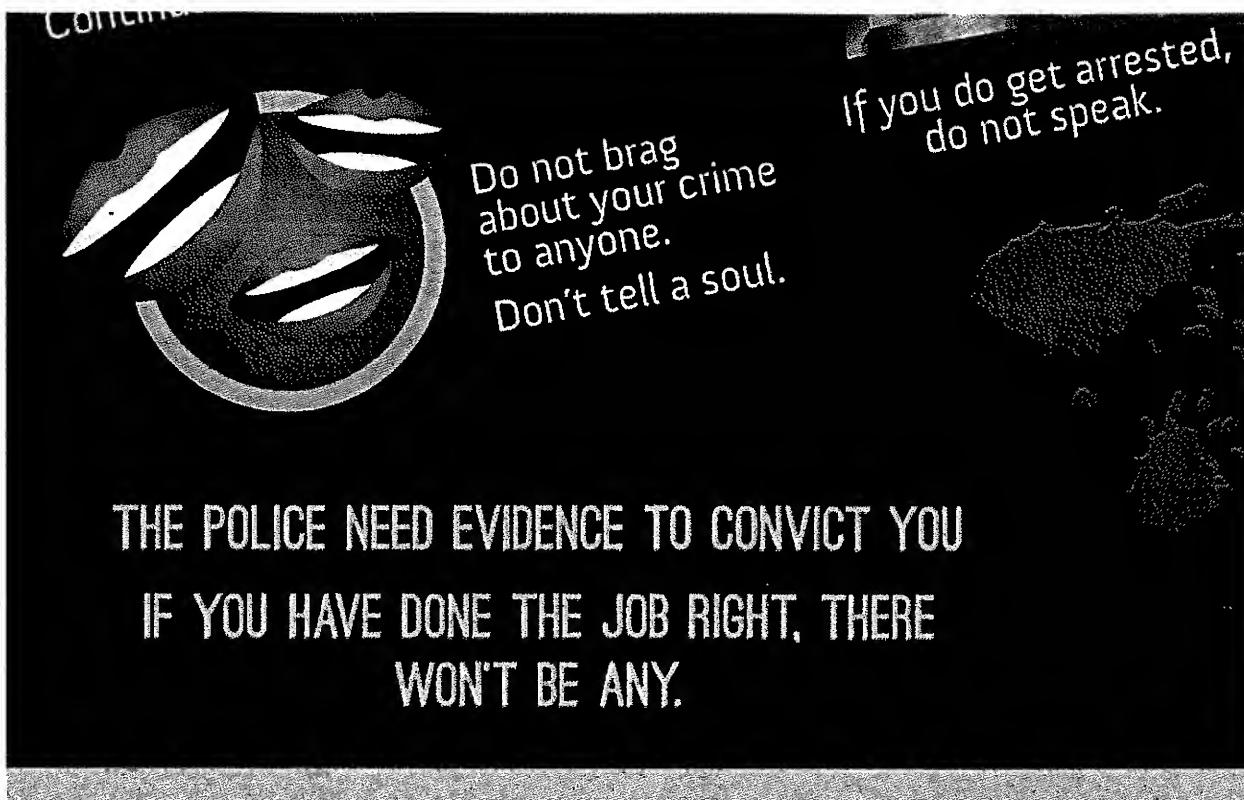

Do not watch the television and avoid the papers for at least a month.

The police can use these as tools to try to psych you out.

Continue about your everyday life.
